

MUHAMMAD ANDRIANSYAH

Roblox Game Developer | Luau Programmer

Jakarta, Indonesia | mhmd.andriansyah07@gmail.com | +62 812 9825 4539 | linkedin.com/in/mhmdandriansyh/

SUMMARY

Results-oriented Roblox Game Developer with over 6 years of experience in game programming, system architecture, and full-stack development. Proven ability to architect end-to-end game systems, develop engaging gameplay mechanics, and deliver highly optimized cross-platform experiences. Expert in utilizing Lua/Luau and advanced programming principles to build high-quality, stable, and successful games that meet project objectives.

WORK EXPERIENCE

Lead Programmer

Sunday Studios, Jakarta

July 2025 – Present

- Spearheaded the complete technical development of "Pulau Indo," guiding the project from concept to a successful launch that achieved over 1 million player visits within two months.
- Architected the game's full-stack framework and core engagement mechanics, contributing to a 95% positive player satisfaction rating.
- Ensured a high-performance, cross-platform experience by implementing advanced optimization techniques for both mobile and PC.

Programmer

Lumina Production, Jakarta

September 2024 – July 2025

- Developed core systems for a music-obby featuring dynamic, procedural challenges.
- Engineered highly responsive mechanics and optimized for precision-based gameplay.
- Managed full-stack development from backend game logic to the front-end user interface.

Lead Developer

Topic Indonesia, Bogor

December 2020 – September 2024

- Served as the Lead Developer for a portfolio of successful horror games, guiding their technical direction and contributing to over 10 million total player visits.
- Engineered a versatile, reusable framework for core horror mechanics (AI, puzzles, event triggers), significantly improving development efficiency.
- Took full ownership of UI/UX design, creating immersive and minimalist interfaces to maximize player tension and atmosphere.

EDUCATION

Office Management

Dharma Karya Vocational School, Jakarta

July 2022 – May 2025
